

Newzel
INDUSTRIES

**COMMITTED TO QUALITY,
COMMITTED TO YOU.**

Who we are?

The epitome of steel engineering

Newzel Industries has developed an outstanding reputation for delivering top-quality pre-engineered steel products to the manufacturing and commercial sectors. We are known for our highly consistent quality. We promise on-time delivery schedules, while adhering to incredibly stringent production protocols, all the while retaining a sharp competitive edge. We design, engineer and fabricate steel products for a varied range of applications.

Top-quality and safety

At Newzel Industries quality means providing only the best goods and facilities to its clients. We believe in the principle of 'Zero Error' manufacturing. We align all our resources and intrinsic values towards achieving this objective.

Dynamic development

We aspire to boost innovations and share our youthful passion in our work in order to create a lasting impact in all spectrums. We expect to embrace new emerging trends and developments rapidly and to make a difference in the innovation of steel.

Prompt services

We pride ourselves on delivering professional and timely service. We race against the clock to meet all of your needs well before the deadline.

Designing and Engineering

Our full-fledged Engineering department is made up of highly technical people who are trained with the most up-to-date tools and machinery to undertake even the most challenging jobs.

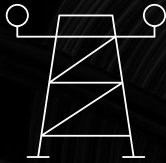

Flexibility

We are always looking for ways we can serve the customer better, never hesitating to adjust according to the customer's requirements. Client satisfaction and retention are some of our core values that drive our service.

Warranty

We are always looking to find out any errors in our highly monitored product pipelines. If we find that you have received products of low quality, we assure to replace them - be it anywhere on the globe.

Power companies

Sugar companies

Defense Industries

OEM

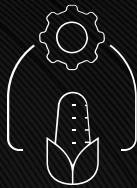

Wastewater treatment companies

Industries We Serve

Process Industry

FMCG Companies

Cryogenic Sector

Aerospace

Oil and Gas

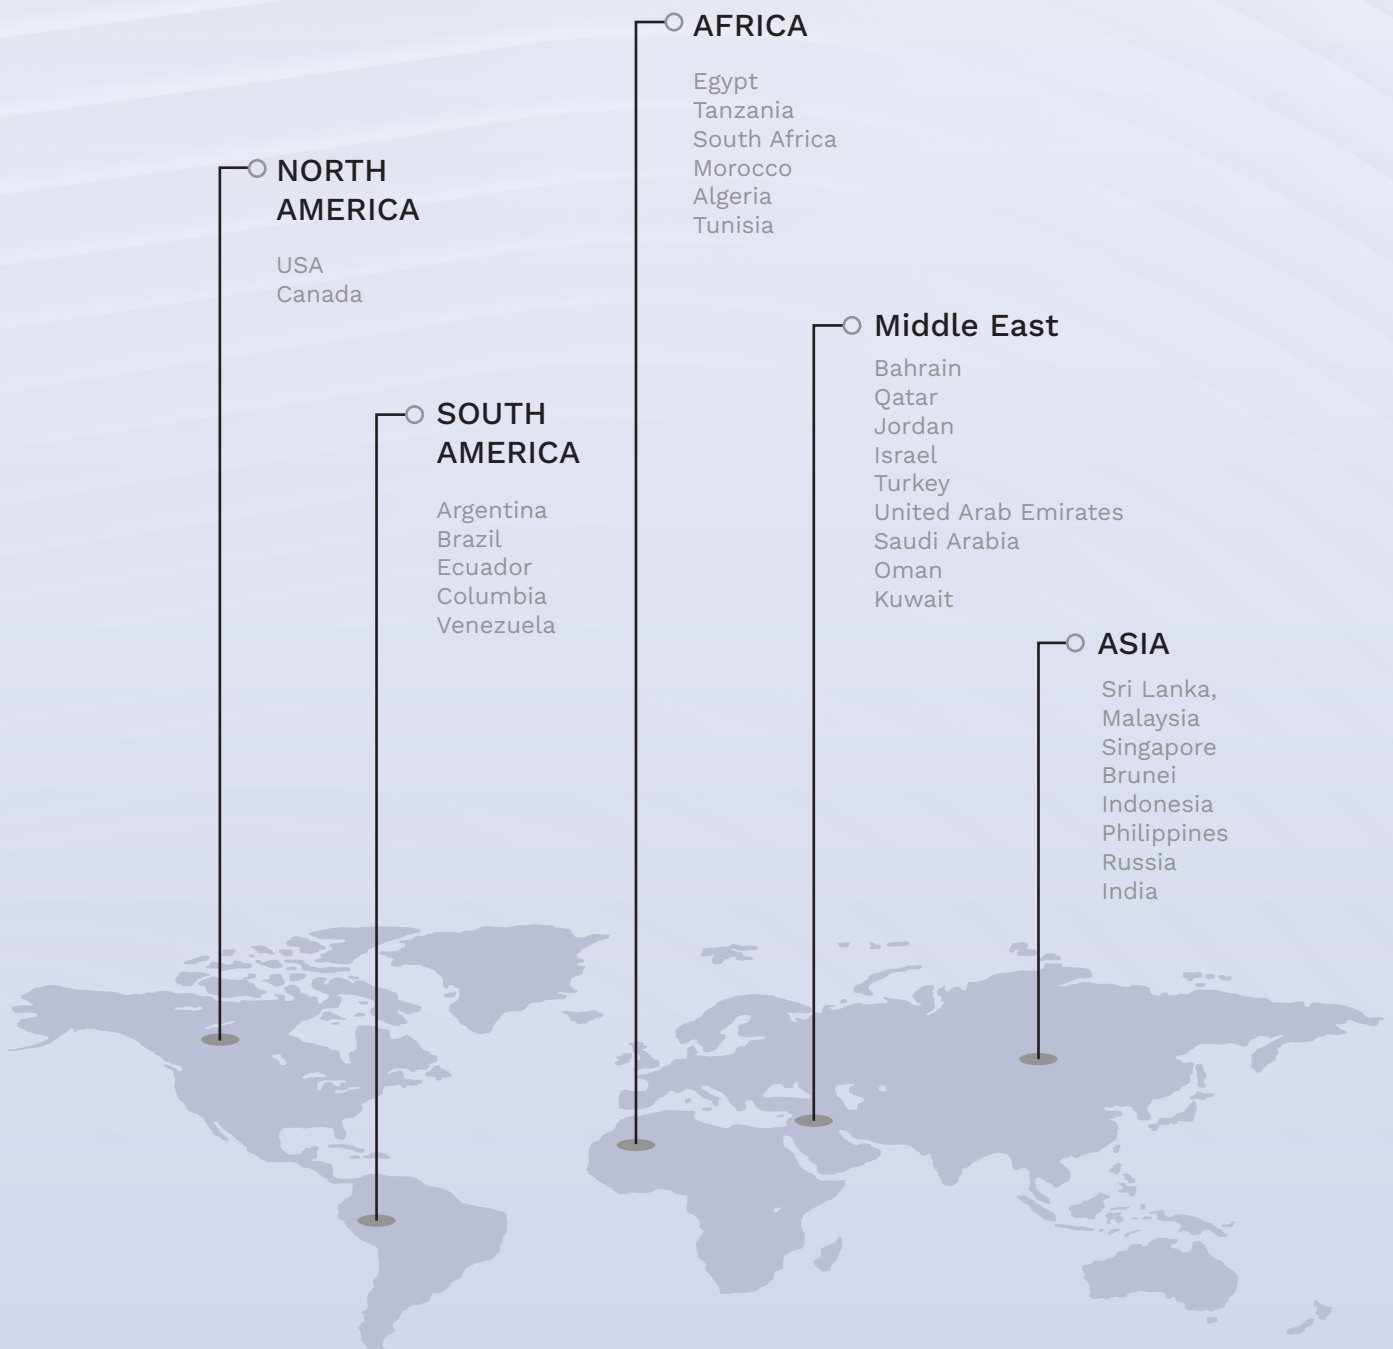

Chemical and
Pharmaceutical Industries

We currently operate in countries all across the globe.

We've come a long way and can now proudly claim to be a dominant leader in the manufacturing, shipping, subcontracting, sourcing, and stocking of industrial raw materials for various industrial applications.

PIPES AND TUBES

01

TUBE MILLS

<https://www.newzelindustries.com/stainless-steel-seamless-pipes/>

Our diverse range of steel products include

- » Seamless / ERW / EFW
- » Finish- Matt, Mirror, Pickled, Sand Blasted, Shot peening.
- » Tubes with RA value less than 0.3 ID.

FORGED FLANGES / PLATE FLANGES

02

CNC MACHINES AND VMC

<https://www.newzelindustries.com/stainless-steel-flanges/>

- » Forged/ Plate Flange
- » Weldneck Flange
- » Slip on Flange
- » Blind Flange
- » Socket Weld Flange
- » Thread Flange
- » Lap Joint Flange
- » Customized as per drawing
- » Non Standard Flanges

BUTTWELD FITTINGS

03

HOT/COLD FORMING METHOD

Our diverse range of steel products include

- » Elbow
- » Tee
- » Reducer
- » Cap
- » Stub End
- » Reducing Tee

FORGED FITTINGS

04

HOT/COLD FORGING METHOD

- » Elbow
- » Tee
- » Cross
- » Coupling
- » Cap
- » Plug
- » Nipple
- » Union

COMPONENTS

05

CASTING | ROLLING | FORGING
| MILLING | WELDING | FABRICATING
| STRESS RELIEVING

Our diverse range of steel products include

- » Machined components
- » As per drawing
- » Precision components
- » CNC
- » Best Quality

IC FITTINGS

06

FABRICATING | ARC WELDING | MACHINING
| STRAIGHTENING | SAND BLASTING

- » Elbow
- » Tee
- » Nipple
- » Socket
- » Union
- » Plug
- » Cap
- » Cross

Raw Material Quality Assurance Procedures

- » Identification of Raw Material - MILL Test Certificates - Chemical & Mechanical
- » Mechanical Testing of Raw Material – As per Heat No / Lot
- » Chemical Analysis of Raw Material as per Heat No / Lot
- » IGC Testing
- » Stress Resistance Testing

Finished Product Quality Assurance Procedures

- » Dimensional & Visual Inspection – As per the standard specifications/drawings
- » PMI Examination & Verification
- » Microstructure Examination
- » Verification of Etching, Size, Class, Rating, Type, Material Grade & Head No
- » Final Documentation and Approval of Lot

Advantages Of Working With Us

- » High-quality service & End to End support to clients.
- » Multiple industrial solutions in one house.
- » Material warranty.
- » Precise measurements
- » Competitive prices.
- » Flexible terms.
- » Intensive quality assurance.
- » High-quality packaging.
- » On-time delivery.
- » On-demand support for 24 hours/ day.
- » Robust Team to tackle demands speedily.

1. What are our quality inspection standards?

Our key qualities and services comprise of:

- » Quality assured goods
- » Multiple payment modes
- » Experienced crew
- » Prompt shipment
- » Ethical business policies
- » Wide distribution network

2. Which certifications have we acquired?

Newzel has the following certification:

- » Manufacturing Certificate
- » PED
- » PED Annexure
- » Survey Report
- » MSME
- » ISO

3. How can I place an order?

To place an order and receive a quote you can visit us on our website <https://www.newzelindustries.com> or you reach out to us on Whats-app at - [+91 9029828993](tel:+919029828993) or email us at - contact@newzelindustries.com

4. Can Newzel Industries customise the design as per my requirement?

Yes, Newzel Industries specializes in precisely manufacturing products according to the customer's unique needs and requirements.

5. What is the delivery time after placing an order?

Our standard delivery time is around 3 to 5 working days, but this could vary depending on the product.

6. Can Newzel Industries deliver to my country?

Yes, Newzel Industries delivers locally as well as to most international countries

7. What is the transport mode for delivering the parcel?

Our shipments within India are securely delivered by an government recognised transports, while international deliveries are shipped by sea or air.

OUR PRODUCT GRADES

STAINLESS STEEL

- JSLUDD / JSLSD / JS LAUS
- JT / J4 / J3 / 201 / 202 / 204CU
- 301 / 303 / 304 / 304L / 316 / 316L /
- 316TI / 317 / 317L / 309 / 310 / 329 / 347
- 409 / 410 / 416 / 420 / 430 / 430F / 440F
- 439 / 441 / 409M / 440A / 440B / 440C
- 904 / 904L

ALUMINIUM

- 1100 / 1200 / 2014
- 3003 / 3005 / 3105
- 52000 / 53000 / 54000
- 5052 / 5086 / 5083
- 6061 T6 / 6061 / 6082
- 8011 / 19000 / 19500
- 7020 / 7022 / 7075 T6

GALVANIZE

- G C CORRUGATED
- GALVANIZED PLAIN
- PPGI / COLOUR COATED

CUPRO NICKEL

- CU-NI 90/10
- CU-NI 70/30

SPECIAL GRADES

- 15-5 PH / 17-4 PH / 17-7 PH
- SMO 254
- NITRONIC 50 / 60
- TANTALUM
- MOLYBDENUM
- GALVALUME
- TUNGSTEN
- ALLOY 20

MONEL

- MONEL 400 / K500

CARBON

- IS 1239 / IS 3059
- ASTM A 106 GR A / B / C
- ASTM A 53 / API 5L X 50/60/70
- ASTM A 105 / ASTM A516 GR 60/70
- ASTM A 193 / A 194 / FE500
- E250A / E250BR / E350 / E350 BR

ALLOY STEEL

- ASTM A335 GR P9 / P11 / P22 / P91
- ASTM A213 GR T9 / T11 / T22 / T91
- ASTM A182 GR F9 / F11 / F22 / F91
- ASA 387 GR 9/11/22/91 / CLASS1/CLASS2
- ABREX 400 / 500, HARDOX 550 / 600
- EN19 / SAE4140 / ASTM A 36
- ASTM A193 B6 / B7 / B 16

DUPLEX STEEL

- UNS S31803 / 32205 / 2205 / 2507
- UNS S32250 / S32750 / S32760
- ASTM A182 F51 / F55 / F60 / F61

TITANIUM

- TI GRADE 2 / TI GRADE 5
- TI GRADE 1 / TI GRADE 4

INCONEL

- INCONEL 600 / 601 / 625 / 718
- INCOLOY 800 / 800H / 800T / 825

HASTELLOY

- C276 / C22 / B2

NICKEL ALLOY

- NICKEL 200 / NICKEL 201
